Nevertheless you will not find any Euro notes or coins, as they will be used starting from 2002, but Euro currency can be used when paying by credit card. The rate ITL/EUR has been definitely fixed at 1 EUR = 1936.27 and cannot change any more and no exchange fee can be required when paying in Euro currency. The exchange rate with USD is around 1 EUR = 1936,27 ITL = 1,17 USD.

To learn more about Euro this is the European Commission's internet site dedicated exclusively to the euro:
